Reporting questionnaire

Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. The aggregated data in your workplace profile assists relevant employers in understanding the characteristics of their workforce, including in relation to occupational segregation, the position of women and men in management within their industry or sector, and patterns of potentially insecure employment.

NB. IMPORTANT:

• References to the Act mean the Workplace Gender Equality Act 2012.
• A formal ‘policy’ and/or ‘formal strategy’ in this questionnaire refers to formal policies and/or strategies that are either standalone or contained within another formal policy/formal strategy.
• Data provided in this reporting questionnaire covers the TOTAL reporting period from 1 April 2018 to 31 March 2019. (This differs from the workplace profile data which is taken at a point-in-time during the reporting period).
• Answers need to reflect ALL organisations covered in this report.
• If you select “NO, Insufficient resources/expertise” to any option, this may cover human or financial resources.

Gender equality indicator 2: Gender composition of governing bodies

Gender composition of governing bodies is an indicator of gender equality at the highest level of organisational leadership and decision-making. This gender equality indicator seeks information on the representation of women and men on governing bodies. The term “governing body” in relation to a relevant employer is broad and depends on the nature of your organisation. It can mean the board of directors, trustees, committee of management, council or other governing authority of the employer.

2. The organisation(s) you are reporting on will have a governing body. In the Act, governing body is defined as “the board of directors, trustees, committee of management, council or other governing authority of the employer”. This question relates to the highest governing body for your Australian entity, even if it is located overseas.

2.1 Please answer the following questions relating to each governing body covered in this report.
   Note: If this report covers more than one organisation, the questions below will be repeated for each organisation before proceeding to question 2.2.
   If your organisation’s governing body is the same as your parent entity’s, you will need to add your organisation’s name BUT the numerical details of your parent entity’s governing body.

2.1a.1 Organisation name?

AustralianSuper Pty Ltd

2.1b.1 How many Chairs on this governing body?

18. If your organisation has introduced any outstanding initiatives that have resulted in improved gender equality in your workplace, please tell us about them.

(As with all questions in this questionnaire, information you provide here will appear in your public report.)

1. Our CEO has promoted gender equality through communicating our commitment to gender diversity at employee briefings, via our intranet and public website and careers page, his work as a Male Champion of Change and recruitment decisions for senior roles.

2. Graduates and interns - a key focus of our graduate and intern programs is to ensure we meet our gender balanced target of 50% women in each intake of interns and graduates. The promotion of our intern and graduate offering and initiatives has resulted in more applications from female candidates. We have met our targets for both intern and graduate programs this year and continue to develop the women we have recruited into this program over the past 5 years. During the reporting period, we met our 50% target for interns and graduates.

4. Public advocacy for the economic security of women - AustralianSuper continues to advocate for Australians who are disadvantaged by way of current superannuation legislation.

5. Parental leave superannuation payments - AustralianSuper continues to make superannuation payments at the full-time rate to the primary caregiver during parental leave. Full time superannuation is also awarded when the primary carer returns to work on a part-time basis for a period up to two years from commencement of leave.

6. Investing in companies with female board representation – the Fund’s Sustainability Option includes a screening activity, whereby the Fund will not invest in companies where there is no female representation on its board.

7. Talent development within targeted job specialisations – the Fund’s talent program includes specific development to build leadership bench strength and skills for female colleagues. The Fund recently participated in an industry initiative led by Mercer to develop an Employee Value Proposition for the investment management industry, with a view to attract more young female talent into investment management careers.

8. Continuing strategic partnerships – continuing to partner with organisations supporting women, such as Work180 (previously Diverse City Careers) and Working Mothers Connect.

10. Annual analysis of diversity & inclusion – utilising insights from our colleague survey to develop initiatives to support the delivery of our Diversify & Inclusion Strategy.

11. Sponsorship and mentorship - we participate in broader external mentor programs with organisations such as Women in Banking and Finance. We provide an environment where our younger women are exposed to more senior women and look for ways to encourage these interactions.

12. Internal support groups - continued focus on our AustralianSuper Women's Networking Group to provide an opportunity for women to network internally, where they can learn from and support each other through their collective shared experiences through all stages of their career.
