AustralianSuper investment returns are based on crediting rates, which returns net of investment fees.

Returns from equivalent investment options of the ARF and STA super funds are used in calculating since inception returns for options that began before 1 July 2006.

Investment returns are not guaranteed. Past performance is not a reliable indicator of future returns. All care is taken to ensure this information is correct at the date of publication. Any errors or misprints will be corrected by the Trustee in later reports.
