AustralianSuper investment returns are based on crediting rates, which returns net of investment fees.

Returns from equivalent investment options of the ARF and STA super funds are used in calculating since inception returns for options that began before 1 July 2006.

Investment returns are not guaranteed. Past performance is not a reliable indicator of future returns. All care is taken to ensure this information is correct at the date of publication. Any errors or misprints will be corrected by the Trustee in later reports.

Report generated on 05 April 2022

This information may be general financial advice which doesn't take into account your personal objectives, financial situation or needs. Before making a decision about AustralianSuper, you should think about your financial requirements and refer to the relevant Product Disclosure Statement available at australiansuper.com/PDS or by calling 1300 300 273. A Target Market Determination (TMD) is a document that outlines the target market a product has been designed for. Find the TMDs at australiansuper.com/TMD.
