

# THIS CLUBHOUSE WOULD BE REVITALISED

## WHAT HAVE YOU BEEN DREAMING OF?

As part of any potential future proposal, the old Kingswood clubhouse would be revitalised.

The community now has an opportunity to guide how to best use this place to make it a beautiful, multi-use facility loved, used and owned by all.

**This is how the new clubhouse could potentially look.**

### Tell us what you'd like to see!

Are there clubs and organisations you know of who'd benefit from using and being involved in designing the space?

Have you dreamed of a new café or restaurant style you'd love to see in Dingley Village?

Perhaps you'd love to see a space for group fitness activities, play group options, a space to host private events such as birthday parties and anniversaries, a cinema space, or markets?
