

Target Market Determination AustralianSuper Select

Effective date 21 December 2024

1. About this Target Market Determination (TMD)

The purpose of this TMD is to set out the class of consumers for whom AustralianSuper Select (this product) has been designed and is considered likely to be appropriate, having regard to the likely objectives, financial situation and needs of that class of consumers.

This TMD also summarises the key attributes of this product but does not describe all its features.

The Trustee of AustralianSuper ABN 65 714 394 898 (the 'Fund') is AustralianSuper Pty Ltd ABN 94 006 457 987.

Before making any decision to acquire this product, consumers should carefully consider the information in the Product Disclosure Statement (PDS), available at australiansuper.com/pds or by calling **1300 300 273**.

Consumers may also wish to consider obtaining financial advice before joining this product.

2. Product description

This product is an employer sponsored accumulation product designed to manage and invest members' superannuation contributions and earnings for their retirement within the concessional-tax superannuation environment. It offers:

- a range of diversified, single asset class and single security investment options to choose from with different investment objectives, levels of risk and expected returns.
- a default MySuper investment option for members who do not make an investment choice.
- access to insurance cover¹ that members can cancel, reduce or apply to increase or change anytime. Employer tailored basic (default) cover is provided to eligible members.

2.1 The target market for this product

A person is in the target market for this product if they are working for an eligible AustralianSuper Select employer that offers employees a superannuation product with tailored insurance arrangements, and they want or need:

- an accumulation account with a complying superannuation fund that can receive contributions including superannuation guarantee contributions from an employer and any voluntary superannuation contributions.
- the ability to grow their superannuation balance over time in a tax effective environment through contributions and/or investment earnings to help fund their retirement, on meeting a condition of release.
- access to an investment menu that allows for different investment approaches to suit consumers based on their personal risk appetite and objectives, including:
 - a hands-off approach to investment, by investing in a PreMixed investment option.
 - a more hands-on approach to investment, by investing in one or more PreMixed and/or DIY Mix investment options.
 - a self-directed approach to investment, by investing in one or more PreMixed or DIY Mix options, and selected listed securities, term deposits and/or cash via the Member Direct investment option.
- access to insurance cover, including:
 - employer tailored basic (default) cover, and
 - the ability to tailor insurance cover to best suit their personal and financial situation.

This product is **not** designed for people who:

- are not working for an eligible AustralianSuper Select employer that offers employees a superannuation product with tailored insurance arrangements,
- are not saving for their retirement, or
- have commenced retirement and need a retirement income (that's paid periodically).

¹ AustralianSuper insurance is provided by TAL Life Limited (the Insurer) ABN 70 050 109 450, AFSL 237848.

2.2 Key product attributes

Investments

This product gives members access to a range of investment options with different investment objectives, levels of risk and expected return.

Different investment options have different levels of potential return and volatility. Generally, investment options with higher long-term returns are accompanied by a greater potential for volatility in the short term and may be more suitable for members saving for their retirement over the medium to longer term. However, investment options with a lower allocation to growth assets may be more suitable for members approaching or in retirement, who may be seeking capital stability or access to their money in the short to medium term.

Under this product, members can invest in one or more of the following investment options:

PreMixed investment options

PreMixed investment options are diversified investment options that are designed for members who want to be hands-off. These options are made up of multiple asset classes and have different investment objectives, with varying levels of risk, investment timeframes and expected returns.

DIY Mix investment options

DIY Mix investment options are designed for members who want to be more hands-on in constructing their own investment portfolio to match their personal risk appetite and objectives by combining with other investment options. They are primarily made up of exposure to a single asset class (plus a small proportion of cash) and have different investment objectives, with varying levels of risk, investment timeframes and expected returns.

Member Direct investment option

Member Direct is our most hands-on option. It is designed for members who:

- are at least 18 years of age and are seeking greater control, flexibility and active involvement in managing their investments
- want access to S&P/ASX 300 shares and selected Exchange Traded Funds (ETFs), Listed Investment Companies (LICs), term deposits and cash, and
- have a minimum account balance of \$10,000.

The investments available in Member Direct have different risk profiles and members need to be aware of the risks and dangers involved, such as:

- short-term price volatility
- the consequences of transacting too often
- too little diversification, and
- investing in response to your emotions.

Insurance

This product provides members access to the following types of insurance cover (which can be changed or cancelled anytime). Eligibility to claim for insurance benefits will be determined in line with the policy terms and conditions.

Members can apply to change their individual work rating for insurance. A work rating classifies the usual activities of a member's job into one of three ratings: Blue Collar, White Collar or Professional. If an application to change from the default Blue Collar work rating (to White Collar or Professional) is accepted, members may pay less for their insurance.

Cover type	Cover details
Basic (default) cover	<ul style="list-style-type: none">Designed to provide cover for members and their beneficiaries in the event of the member's illness, injury or death.Basic cover is arranged by and tailored to each AustralianSuper Select employer. The AustralianSuper Select booklet for each employer details the basic cover provided including age limits, cover amounts and the employer's category work rating.AustralianSuper Select members have both an individual work rating and a category work rating. The category work rating is unique to the employer and only applies while the member is their employee. If the category and individual work ratings are different, we'll apply the less expensive work rating to calculate the cost of cover. This is the applied work rating. <p>Basic cover that a member pays the cost for, will be provided automatically once they meet the eligibility criteria:</p> <ul style="list-style-type: none">aged 25 or older,super balance has reached \$6,000, andhas received an employer super contribution after they meet both age and balance requirements. <p>Any basic cover that an AustralianSuper Select employer pays the cost for, will be provided once:</p> <ul style="list-style-type: none">the member is 15 or older, andthe employer has made a super contribution.

2.3 Consistency between the target market and this product

This product's key terms, features and attributes have been critically assessed and found to be consistent with the likely objectives, financial situation and needs of the class of consumer identified in the target market, for the following main reasons:

- members have access to a range of PreMixed, DIY Mix and Member Direct investment options with varying investment objectives, risk levels and investment timeframes and which cater to a wide range of expected consumer risk appetites and objectives and may be selected in any combination.
- members have access to Death, TPD and Income Protection cover which they can tailor to suit their personal and financial situation. Eligible members are provided with basic (default) cover automatically. Basic cover is tailored and arranged by their employer.

The Fund monitors this product and its consistency with the target market regularly to ensure that this product continues to meet the likely objectives, financial situation and needs of the target market.

3. Distribution

3.1 Means of distribution

A consumer may become a member who holds this product by one of the following means:

- via their employer, where AustralianSuper Select is the employer's default fund,
- having their benefit transferred into this product (for example, from another part of the Fund or from another superannuation fund).

3.2 Distribution conditions and restrictions

The following distribution conditions and restrictions apply:

- where this product is distributed by an employer, the employer must be registered with AustralianSuper and there are processes in place to ensure that consumers are directed to the product that is aligned to the employer's arrangements with AustralianSuper.
- no third-party distributor may produce advertising, promotional or other material in relation to this product without the Trustee's written consent.

We consider the means of distribution identified for this product to be appropriate. Further, the distribution conditions and restrictions identified for this product are aimed at ensuring that consumers who acquire the product are likely to be in the target market for this product.

4. Review triggers

A review of this TMD will be triggered if the Fund:

- makes a material change to the key attributes of this product which affects the members targeted by this product,
- receives, in respect of a calendar quarter, a significant or unexpectedly high number of complaints or adverse feedback in relation to the product's design, attributes, fees or investment performance,
- identifies a significant dealing in this product that is inconsistent with this TMD, having regard to circumstances such as the proportion of consumers, the actual or potential harm and financial loss to consumers, and/or the time period over which consumers have acquired the product when not in the target market,
- is notified by the Australian Securities and Investments Commission (ASIC) of serious concerns about the design or distribution of this product,
- commits a significant breach relating to the design or distribution of this product, which has a material financial impact on consumers,
- identifies significant changes in material member-centric activities such as investment switching or a significant reduction in the value of insurance provided to members (percentage of premiums returned to members via claims), in respect of a calendar quarter that would reasonably suggest the existence of a potential problem with this product, or
- makes an adverse determination in relation to this product under the annual outcomes assessment required by the Superannuation Industry (Supervision) Act 1993.

A review of this TMD will also be triggered if the Australian Prudential Regulation Authority (APRA) determines that this product, or any part of it, has failed the annual performance assessment under Part 6A of the Superannuation Industry (Supervision) Act 1993.

5. Review periods

This TMD will be reviewed by 21 December 2025. Thereafter, it will be reviewed:

- at least every 12 months.
- as required, where a review trigger (see section 4) occurs, or where some other event or circumstance occurs that reasonably suggests to the Trustee that this TMD is no longer appropriate.
- when the Trustee otherwise decides to undertake a review.

6. Reporting

Distributors must report to the Fund on the following basis:

Information about this product to be reported	Frequency
<ul style="list-style-type: none">• The number of member complaints received about this product.• Reasonable details of each complaint including the resolution.	Quarterly, within 10 business days after the end of the calendar quarter.
