financial year to 30 June 2023

## Detailed expenditure lists

The following information is provided in accordance with paragraph 29P(3)(b) of the Superannuation Industry (Supervision) (SIS) Act 1993 and regulation 2.10 of the SIS Regulations 1994 (Regulations).

### Promotion, marketing, or sponsorship expenditure

Promotion, marketing or sponsorship expenditure includes design, production and distribution of Fund promotional or educational materials, advertising development and media costs, sponsorships, memberships to industry advocacy bodies and alliance partnership arrangements with strategic peak bodies and organisations. This expenditure is necessary to grow the Fund. The Fund's size and scale enable access to investment opportunities that may not be available to smaller funds and helps keep fees as low as possible.

The information detailed below relates to contracts with suppliers. Disclosure is required of all contracts where the term covers any part of the current

financial year. The contract amount is the total expenditure made, or to be made, under the contract, and doesn't necessarily reflect amounts paid in the current financial year. Also, where more than one contract is listed for a supplier, it does not necessarily mean that there were multiple contracts with that supplier at the same time.

Where applicable, payments relating to contracts in this list are also included in the lists of payments to industrial bodies and related parties. This duplication means that adding all categories will give an incorrect total that is higher than actual expenditure.

## Payments to industrial bodies

This list details payments to “industrial bodies” as defined by the Regulations. The Regulations define industrial bodies as organisations registered under the Fair Work (Registered Organisations) Act 2009. Payments include alliance partnership arrangements with strategic peak bodies and organisations which may include advertising, marketing and education services. These arrangements are made on normal commercial terms and contribute to the growth of the Fund.

Payments also include directors’ fees. Please note, directors instruct AustralianSuper as to where they wish to have their fees paid.

Where applicable, payments included in this list are also included in the total of payments for promotion, marketing, or sponsorship expenditure, and the list of payments to related parties. This duplication means that adding all categories will give an incorrect total that is higher than actual expenditure.

## Payments to related parties

This list details payments to “related parties” as defined by the Regulations. The definition of related parties in the Regulations is significantly broader than in Australian Accounting Standards for the purpose of the Fund’s annual financial statements.

The payments to these entities have been incurred as part of the core operations of the Fund and include investment management fees, investment consulting services, operating and occupancy costs, director and board

committee member fees, insurance services, promotional services and sponsorship and partnership arrangements with strategic peak bodies and organisations.

Where applicable, payments included in this list are also included in the total of payments for promotion, marketing, or sponsorship expenditure, and the list of payments to industrial bodies. This duplication means that adding all categories will give an incorrect total that is higher than actual expenditure.
